In order to take me there without being well established, I understand that very well. I assure you, Leva, that even if I came to America, I would not become dependent on you, I wrote that to you more than once, so you have nothing to be afraid of, am I wrong? It is necessary to have independent life in order for me to come. But be assured, Leva, that I will not come to America impudently, even Roma will let me see that it is not good to come and have independent life at the time

when a person is not well established. I am not a child, you don't have to explain to me, I understand very well myself that you are not well established. But if I wrote to you that I want to be together with you, it does not mean independent life. Leva, I understand the life very well and I know how bad it is to have independent life without being well established. Of course, it is desirable for us to be together but apparently it is not the time yet, I don't know when it will be the time.

Levochka, you might know: if you don't know and I don't know, then we both don't know, it means that both of us are even. Levochka? Do you know what day it is today, it is eve of Yom Kippur, tomorrow I will fast and ask G-d to be together with you next year. And now I wish you all the best in the coming year, health, happiness and prosperity, of course, and the same to me. Leva, write to me, how I should write to you because I don't know to what address I should write. On the envelope, there was a different address written,

so I don't know what to do, to write to the old address or to the new. Leva, if you took a photo, send me your photo, I would get comforted, although I am already tired of asking you about this, take a photo, send it to me. Leva, tell Roma to take a picture too, I have been asking you to take a picture for a year, and I will have to keep asking him for two years. Manya says hello to you. Now, take care and be happy.

With love, your Fenya
